

'NATIONAL LICENCE AGREEMENT'

Licence Agreement Between Coillte and Irish Beekeepers Association CLG for use of Coillte lands for Apiaries

1. This agreement is for a period of 2 years between Coillte and the Irish Beekeepers Associations CLG from the date of signing.
2. Only Irish Beekeepers Associations CLG members are covered by this agreement and these members must be covered by the Irish Beekeepers Associations CLG insurance. Irish Beekeepers Associations CLG must provide details of insurance to Coillte on a yearly basis.
3. Beekeepers wishing to obtain sites must provide proof of Irish Beekeepers Associations CLG membership to the local Estates Forester before access is granted.
4. Coillte reserve the right to refuse access to any member.
5. The cost per site is €50 per annum. Payments are to be in accordance with Coillte Forest cashless sales policy.
6. A maximum of 10 hives per site will be permitted.
7. The location of the site must be agreed between the local Estates Forester and the beekeeper. Coillte Forest Parks or areas of high recreational areas are excluded.
8. The beekeeper will receive a Coillte key to gain access to the property. A deposit will be required for the key. Arrangements for keys will be made with the Estates Forester.
9. At the commencement of the license, the Estates Forester will outline all current and proposed general forest operations (clearfelling, thinning, reforestation, maintenance and protection, deer letting, etc.) planned for the property in which the proposed apiary site will be located over the course of the agreement.
10. There may be circumstances due to forest operations or game shooting that will restrict beekeepers from entering the Apiary.
11. In the event that the Apiary is required to be moved due to Coillte requirements, a minimum of one months' notice will be given and an alternative location will be identified.

Signed on behalf of Coillte Forest : 	Beekeeper :  COMPANY DIRECTOR
